

Instrument building: the pan flute**Resources per student**

- 6 straws (cut it various lengths)
- Tape
- Scissors
- Ruler

**Method of construction**

- Cut the 6 straws in the following lengths: 9cm, 10.5 cm, 12 cm, 13.5 cm, 15cm and 16.5 cm.
- Cut out some tape and lay it with the sticky side facing upwards.
- Place the 6 straws near each other, starting from the shortest to the longest.
- Wrap the straws with some other tape (without crushing their shape).
- Hold the straws against your lower lip and blow across the top of them to make music.
- Move your pan flute back and forth to change the pitch of the note you are playing. Experiment and enjoy!!
